Castle Hill NSW 1765	Tel: (612) 9843 2000
Tel: (02) 9843 2000	Emergency Contact Number: 0800 POISON or 0800 764 764
Australian Business Number: 49004-807-756	

Responsible person(s): Technical Office, Amway of Australia (02) 9843 2000

Emergency telephone number: (02) 9843 2000 (Ask for the Technical Dept.) This is not a 24-hour number.

For Transportation Emergencies: ChemTrec @ 1-703-527-3887 CCN 182

2. HAZARDS IDENTIFICATION

Most important hazards: This product is classified as hazardous according to the latest edition of the NOHSC Approved Criteria for Classifying Hazardous Substances.

Flammable

3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Name	Common Name	Weight %	Classification	CAS #
Ethyl alcohol	Alcohol	50-55	F; R11	64-17-5
Ethane, 1,1-difluoro-	Difluoroethane	35-40	F+; R12	75-37-6

4. FIRST AID MEASURES

Inhalation: Move to fresh air. If irritation or breathing difficulty develops, GET MEDICAL ADVICE by calling an anti-poison center, doctor or hospital emergency room.

Skin contact: Rinse skin thoroughly with water.

- Eye contact:** Remove contact lenses. Rinse with gentle stream of water for 15 minutes, holding eyelids open. Get medical advice by calling an anti-poison center, doctor or hospital emergency room.
- Ingestion:** If victim is a child, give 120-240 millilitres of water. For adults, give 240-360 millilitres of water. Do not induce vomiting when this product is swallowed. If vomiting occurs spontaneously, keep victim in an upright position. GET MEDICAL ADVICE by calling an anti-poison centre, doctor or hospital emergency room.

5. FIRE-FIGHTING MEASURES

- Suitable extinguishing media:** Use extinguishing media suitable for surrounding materials.
- Specific hazards:** Vapor pressure build-up due to fire heat may cause container rupture and rocketing.
- Special protective equipment for firefighters:** Use standard fire-fighting protective equipment.

6. ACCIDENTAL RELEASE MEASURES

- Personal precautions:** Remove all sources of ignition. Wear appropriate personal protection equipment (respirator, gloves, goggles, and/or faceshield, boots, protective clothing).
- Environmental precautions:** Prevent further leakage or spillage.
- Methods for cleaning up:** No special collection methods required.

7. HANDLING AND STORAGE

- Handling:** No special technical protective measures required. Special handling procedures are not normally necessary.
- Storage:** Store in accordance with applicable requirements for aerosols. No special restrictions on storage with other products.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

- Engineering measures:** Mechanical ventilation is not normally necessary when this product is used according to label directions.
- Respiratory protection:** Follow label directions. Respiratory protective equipment is not normally necessary when this product is used according to label directions. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures.
- Hand protection:** Follow label directions. Skin protection is not normally necessary when this product is used according to label directions. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures.
- Eye protection:** Follow label directions. Avoid contact with eyes.

Skin protection: Follow label directions. Skin and body protection is not normally necessary when this product is used according to label directions. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures.

Chemical Name	Australian Exposure Standards - Time Weighted Average	Australian Exposure Standards - Short Term Exposure Limit	New Zealand Exposure Standards - Time-Weighted Average	New Zealand Exposure Standards - Short Term Exposure Limit
Ethyl alcohol	1000 ppm 1880 mg/m ³		1000 ppm 1880 mg/m ³	

General industrial hygiene practice: This product is sold as a consumer product. Where use conditions and/or extent and duration of exposure differ from typical household consumer use, appropriate protective equipment may be necessary to minimize exposures. Handle in accordance with good industrial hygiene and safety practice.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state: Aerosol product
Colour: clear, light yellow
Odour: pleasant, alcoholic
pH: no data available
Relative density: 0.825-0.841
Flash Point (°C): <15
Method: Setaflash Closed Cup Tester

10. STABILITY AND REACTIVITY

Conditions to avoid: Avoid ignition sources.
Materials to avoid: Contact with highly reactive chemicals like strong acids, strong bases, oxidizers or reducing agents may cause a dangerous reaction.
Hazardous decomposition products: not determined

11. TOXICOLOGICAL INFORMATION

Principle Routes of Exposure: Eye contact, inhalation, skin contact
Aggravated Medical Conditions: Exposure to this product may aggravate pre-existing skin, eye, and respiratory disorders.
Inhalation: Inhalation can cause irritation of the upper respiratory tract.
Skin contact: This product is not classified as a skin irritant.
Eye contact: This product is not classified as an eye irritant.
Ingestion: Ingestion of this product can cause irritation of the mouth and throat, upset stomach, nausea, vomiting and diarrhea.

Further information:

Inhalation overexposure to ethanol vapours can cause headache, nausea, dizziness and drowsiness. Studies in laboratory animals involving prolonged and repeated inhalation exposures to ethanol resulted in liver damage. Prolonged and repeated oral dosing of laboratory animals has caused mutagenic and developmental toxicity. The International Agency for Research on Cancer (IARC) has reported ethanol to be carcinogenic (based on chronic ingestion of alcoholic beverages).

Inhalation overexposure to difluoroethane vapors can cause drowsiness, loss of consciousness, asphyxia and death.

12. ECOLOGICAL INFORMATION

Environmental classification:

This product is not classified as dangerous for the environment.

13. DISPOSAL CONSIDERATIONS

Waste from residues / unused products: Dispose of in accordance with local regulations.

Empty containers: Do not puncture or burn, even after use. Do not re-use empty containers. Only empty packaging can be recycled.

14. TRANSPORT INFORMATION

This applies to household or personal care material packaged in a form intended or suitable for consumer use. For non-consumer commodity packages, consult current transport regulations.
