

### **What is the Artistry Intensive Skincare Renewing Peel?**

Artistry Intensive Skincare Renewing Peel has all the benefits of a professional peel in the comfort of your own home. The Peel gently and effectively resurfaces the skin with a unique patented mushroom enzyme that mirrors your body's own enzymatic skin renewal mechanism.

### **What are the Benefits of the Peel?**

- The 6 week treatment period will deliver benefits comparable to a professional chemical peel
- Removes the outer layer of dead skin cells so that your skincare products and treatments work more effectively
- Instantly see and feel smoother, softer skin. Greater results with continued use
- Reduces visible fine lines and restores the skin's radiance
- Evens skin tone, adds clarity and increases moisture levels in your skin
- Suitable for all skin types

### **How often do I use the peel?**

- Maximum twice a week (on non-consecutive days) in the 6 week treatment period
- Either morning or night - not both
- Repeat 6 week treatment 4 times a year

### **How do I use the Peel?**

The Peel can be used with your normal Artistry skincare routine to enhance the benefits of other Artistry skincare products.\*

**1. Cleanser:** Cleanse face with non-soap cleanser. Rinse and dry thoroughly

**2. PEEL:**

-Smooth a moist layer of 8 full pumps of Renewing Peel over the face, avoiding the eye area. You may notice a slight redness or tingling sensation, this is a normal reaction and an indication that the product is working.

-Leave on the skin for 6-8 minutes then wet fingers and lightly massage skin, rinse thoroughly with warm water and pat dry the skin.

3. **Toner:** Apply Artistry toner.
4. **Treatment Essence/Serum:** Apply Artistry treatment/ serum (\*excluding Alpha Hydroxy Serum, Skin Refinishing Lotion, Polishing Scrub and Intensive Repair Serum).
5. **Cream/Lotion:** Apply moisturiser to face and neck.
6. **Sunscreen:** use a broad-spectrum sunscreen product to protect the skin from the sun's damaging UV rays.

## FAQ's

### Q1. Why is the Peels suggested usage twice per week?

**A.** The Artistry Intensive Skincare Renewing Peel is an intensive skincare treatment intended for twice-a-week usage for a period of six weeks. It is also a rinse-off product. Products like AHS+ and Skin Refinishing Lotion are not as intense a treatment for the skin and are leave-on products that can be used daily. Best results are seen with twice a week usage, and not on consecutive days.

### Q2. Why are some treatment products (Alpha Hydroxy Serum, Skin Refinishing Lotion, Polishing Scrub and Intensive Repair Serum) not recommended for use during the 6 week treatment period of the Intensive Skincare Renewing Peel?

**A.** It is not necessary to use another exfoliation product during the treatment period of the renewing peel. Use of these products may increase irritation potential. Re-implementation of these products is recommended between two and four weeks after the completion of the peel treatment.

### Q3. Is the Peel suitable for sensitive skin?

**A.** The Intensive Skincare Renewing peel product has been thoroughly tested on groups of individuals representing all skin types. There was no evidence of allergic response or extreme skin irritation. However, we recognize that no testing program can assure that no one will ever develop minor reactions. Since no major clinical irritation was observed in our extensive testing program, we would expect reactions to be limited to minor tingling sensations, a slight stinging or redness lasting for several minutes. Each person's tolerance for these sensations is different.

**Q4. Do you recommend using a sunscreen with the Intensive Skincare Renewing Peel during the day?**

**A.** Yes. Use of an intensive product that resurfaces the skin will often leave the skin more sensitive to the sun. Because of this, it is recommended that consumers use a broad-spectrum sunscreen product to protect the skin from the sun's damaging UV rays.
