Top-to-toe, family-friendly body care

With the peak summer's heat, there is no doubt that the sun can take its toll on the skin of everyone in your family. This is the time you can't put off a healthy skincare regime for your family.

To give you and your family the best body care possible, the G&H™ range was developed with advanced nutritional and skin wellness expertise. Using naturally inspired ingredients, these products are mild and gentle, and are also dermatologist and allergy tested.

With the success of the recently launched G&H NOURISH +™ body care collection, which nourishes, comforts and maintains healthy-looking skin, comes the new launch of G&H PROTECT+™ and REFRESH+™ collections, providing top-to-toe, nature-based body care.

G&H PROTECT+ products are developed with advanced deodorising technology, plus a harmonious mix of botanicals – white tea, natural minerals and bilberry extract for feel good skin. With a fresh and revitalising blend of aloe, grapeseed extract and green tea extract,

G&H REFRESH+ products keep you feeling refreshed and healthy every day.

G&H formulas are also environment friendly! They are sulphate free, biodegradable and manufactured with 100% electricity offset from wind power.
