

STAIN GUIDE

Amway Home products can help with a wide range of stains on most fabrics and surfaces. Always try the remedies listed here on a small, hidden area to check for reactions, before applying the remedies to a large, prominent area.

TYPE OF STAIN	WHITE OR COLOURED WASHABLE (unless care label states otherwise)
The most common stains	
Food: Chocolate, toppings, cream, ice cream, gravy, meat juices, salad dressings, tea, coffee, mayonnaise, confectionery	1 Use TRI-ZYME™ according to label directions; if necessary, follow with cold water soak. 2 Pre-treat with Pre-Wash, launder with hot water, using SA8™ Laundry Detergent. 3 If stain persists, repeat Pre-Wash treatment and launder with SA8™ and SA8™ All Fabric Bleach.
Food: Tomato sauce, cocoa, egg, milk, soft drinks, alcoholic beverages	1 Scrape off any dried excess with a dull knife. Use TRI-ZYME™ according to label directions; if necessary, follow with cold water soak. Launder with SA8™ Laundry Detergent. 2 With SA8™ Pre-Wash and re-launder. 3 If stains persist, repeat Pre-Wash treatment.
Food: Wine, fruit	1 Sponge stain immediately with cold water, soak in TRI-ZYME™ according to label directions. Launder with SA8™ Laundry Detergent and hot water. 2 Bleach if stain persists.
Ink: Ball-point ink	1 Use L.O.C.™ Multi-Purpose Cleaner to pre-treat stained areas. 2 Rub briskly with a brush. Repeat as necessary. 3 Launder with SA8™ Laundry Detergent using hot water. 4 Treat persistent stains with alcohol.
Ink: Toner, printing and other inks	1 If toner, first blow away, shake off, or lightly brush off excess toner. Try not to rub it in during this process. 2 Dampen stained area and pre-treat with Pre-Wash; launder using SA8™ Laundry Detergent. 3 If stains persist, treat with turpentine, then pre-treat with SA8™ Pre-Wash and re-launder using SA8™ Laundry Detergent.
Natural: Dirt, mud, clay	1 Allow excess to dry and brush off. Pre-treat with Pre-Wash; launder as usual. 2 For heavy soil, repeat Pre-Wash treatment; launder as usual.
Natural: Grass, flowers	1 Pre-treat light, fresh stains with Pre-Wash; launder as usual. 2 Soak more stubborn stains in TRI-ZYME™; pre-treat with Pre-Wash; launder as usual, using SA8™ All Fabric Bleach as needed.
Natural: Perspiration and anti-perspirant	1 Pre-treat fresh stains with Pre-Wash; launder with SA8™ Laundry Detergent. 2 If discolouration remains, fresh stains may be treated with L.O.C.™ Plus Glass Cleaner or ammonia. 3 Soak old, discoloured stains in vinegar. Rinse well. Pre-treat with Pre-Wash and launder with SA8™ and SA8™ All Fabric Bleach.
Other stains	
Cosmetics: lip colour, eyeshadow, liquid foundation, mascara, powder blusher	1 Use hot water to rinse away as much stain as possible. Soak in L.O.C.™ Multi-Purpose Cleaner; then launder with SA8™ Laundry Detergent. 2 If stains persist, treat with Pre-Wash and launder using hot water.
Craft: Carbon paper, pencil marks	1 Sponge with alcohol. 2 If stains persist, use Pre-Wash or rub L.O.C.™ Multi-Purpose Cleaner into moistened area; launder with SA8™ Laundry Detergent. 3 Stains on all-white fabrics may be removed with SA8™ All Fabric Bleach.
Craft: Crayon and Candle wax	1 Rub stain with ice. Scrape off excess. Position stain between blotters or several layers of facial tissue and press with warm iron. 2 If safe for fabric, remaining stain may be removed by pouring boiling water through the stain. 3 Launder with SA8™ Laundry Detergent using hot water.
Craft: Dye stains, food colouring	1 Pre-treat with Pre-Wash Spray. 2 Launder with SA8™ Laundry Detergent. 3 If stains persist, re-launder as usual with SA8™ and SA8™ All Fabric Bleach.
Craft: Rust marks	1 Treat with rust remover as directed on the product label; launder as usual with SA8™ Laundry Detergent.
Craft: Water-based paint	1 If paint is fresh, scrape off excess, rub in L.O.C.™ Multi-Purpose Cleaner and wash with SA8™ Laundry Detergent and hot water. If stains persist treat with solvent and re-wash.

STAIN GUIDE

TYPE OF STAIN	WHITE OR COLOURED WASHABLE (unless care label states otherwise)
Food: Grease, margarine, butter, shortening, cooking oil	1 Treat with Pre-Wash; launder with SA8™ Laundry Detergent, using hot water. 2 For persistent stains, repeat Pre-Wash treatment; launder with SA8™ and SA8™ Bleach.
Household: Iodine, Mercurochrome	1 Pre-treat with Pre-Wash. Wash with SA8™ Laundry Detergent and SA8™ All Fabric Bleach. 2 If stains persist, soak in Bleach or L.O.C.™ Multi-Purpose Cleaner before re-washing.
Household: Shoe Polish	1 Scrape off any dried excess with a blunt knife. Pre-Wash. Launder with SA8™ Laundry Detergent. 2 If stains persist, re-wash, using SA8™ All Fabric Bleach.
Natural: Blood	1 Run cold water through stain, then soak in TRI-ZYME™ Laundry Pre-Soak and Detergent Booster and cold water. 2 If stain persists, treat with L.O.C.™ Plus Glass Cleaner or ammonia. Launder with SA8™ Laundry Detergent, using SA8™ All Fabric Bleach as needed.
Natural: Body Soils	1 Pre-treat with SA8™ Pre-Wash Laundry Spray. Launder with SA8™ Laundry Detergent and warm water. 2 Soak in TRI-ZYME™ according to label directions; re-launder in SA8™ Laundry Detergent and warm water. 3 If stains persist, repeat Pre-Wash treatment and re-wash with SA8™ All Fabric Bleach.
Natural: Mildew	1 Pre-treat with Pre-Wash. Wash with SA8™ Laundry Detergent and SA8™ All Fabric Bleach using hottest water possible. Dry in sunshine. 2 If stains persist, sponge with lemon juice and salt, wait 15 minutes, and re-launder.
Natural: Urine/Faeces	1 Soak in cold water using TRI-ZYME™. Launder with SA8™ Laundry Detergent. 2 It may be necessary to pre-treat with Pre-Wash and re-launder, using SA8™ Laundry Detergent and hot water. Colour may be restored to discoloured fabrics by applying vinegar. 3 Use SA8™ All Fabric Bleach for persistent stains. For nappies, soak in 15ml TRI-ZYME™ to 5 litres cold water. Launder with SA8™ Laundry Detergent.
Sticky: Adhesive tape, chewing gum	1 Soak in very cold water or apply ice; scrape off as much gummy material as possible. Air dry. Spray with Pre-Wash and launder with SA8™ Laundry Detergent.
Sticky: Glue	1 Soak in warm water; wash with SA8™ Liquid Laundry Detergent using warm water. 2 If stains persist, treat with vinegar solutions, rinse well, re-launder.

YOUR STAIN-FIGHTING KIT
