

## ARTISTRY® SIGNATURE SELECT™ MASKS

### INFORMATION SHEET

*A collection of experiential masks, infused with Nutrilite™\* sourced phytonutrients, to bring visibly more beautiful skin.*

One mask does not fit all, even when it comes to masking areas of the same face. ARTISTRY Signature Select™ Masks solves multiple skincare needs at once with five highly experiential masks that target specific concerns. Each mask formula features exclusive Nutrilite™\* sourced phytonutrients, such as Pomegranate, Black Currant, Citrus, White Chia Seed or Green Tea Extract, and is perfected by ARTISTRY® skincare experts with colours, textures and fragrances that delight the senses. Masking is the perfect way to pamper skin for and ARTISTRY Signature Select™ Masks make the experience enjoyable, effective, and personalised.

#### MIX, MASK, AND MULTIMASK

Whether skin needs hydration, firming, purifying, brightening, polishing, or a combination of them all, every customer can create their own customized masking mix depending on personal skin needs. Multi-masking uses multiple masks on different face zones at once, or as part of a multi-day routine. ARTISTRY Signature Select™ Masks are formulated to address different skin concerns on the face, like an oily T-zone, dry cheeks, or sagging around the jawline.

Enjoy a fun, effective and personalised masking experience with the new ARTISTRY Signature Select™ Masks. They work brilliantly on their own or in combination for visibly more beautiful skin wrapped in a unique sensory experience.

**ARTISTRY Signature Select™ Hydrating Mask (Green)** gives dry, tight or uncomfortable skin a mega-moisture-infusion. Featuring antioxidant-rich Nutrilite™\*-sourced Green Tea Extract, the soft, smooth soufflé cream formula floats over skin, infusing deep and lasting moisture wherever it touches for a hydrated feeling that lasts all day.

**ARTISTRY Signature Select™ Brightening Mask (White)** gives dull, lifeless skin new radiance and energy. The glossy white formula features Nutrilite™\*-sourced White Chia Seed Extract with Natural Loofah Grains and Jojoba Beads that starts brightening on contact. Skin looks wide awake and lit from within with a more even skin tone and luminous new vitality.

**ARTISTRY Signature Select™ Purifying Mask (Yellow)** comes to the rescue for skin that craves a deep clean and pores that need a purge. The dense clay mask deeply cleanses skin and pores, while drawing out impurities with French Clay, Oatmeal, and Nutrilite™\*-sourced Citrus Extract. Skin is less shiny, the T-zone looks less oily and pores become less visible, leaving skin noticeably clearer.

**ARTISTRY Signature Select™ Firming Mask (Red)** gives sagging, loose or undernourished skin a “power tune up”. With Nutrilite™\*-sourced Pomegranate Extract Warming Technology, the formula goes from a cool, red translucent gel to a creamy white on your skin—with a delightful warming sensation for firmer, revitalized, and nourished skin.

**ARTISTRY Signature Select™ Polishing Mask (Purple)** takes skin from rough and flaky to smooth and refreshed. Natural Sugar Cane crystals gently buff away dead, dull skin cells and Nutrilite™\*-sourced Black Currant Extract helps leave skin feeling soft and nourished after every use.

**HOW TO USE:** Create your own 7 minute spa treatment anytime with ARTISTRY Signature Select™ Masks. Simply apply the appropriate mask with care exactly where desired—all over the face or in specific zones targeting multiple different skin concerns – wait 7 minutes, and rinse with warm water.
