AMWAY PRODUCT FACTS

## Features & Benefits

- A unique combination of bio-enzymes and biodegradable cleaning ingredients that work together to remove dirt and tough stains effectively.
- Cleans at all temperatures (30°C - 95°C) helping save on your energy bills.
- Rinses clean, leaving no residue to irritate sensitive skin.
- High alkalinity and pH level of the BIOQUEST® formula inhibits metal corrosion of clothing zippers, buttons or washing machines.
- Excellent dissolvability means the formula gets to work immediately, attacking difficult dirt and stains such as egg, blood and grass.
- Concentrated to maximise cleaning results and minimise waste.
- Lightly fragranced with a citrus scent.
- Dermatologist tested.
- No added phosphates.

“Consider for a minute how far 3km is.”

To make it easier to imagine, think of a landmark that is 3km from your house. Now imagine that you laid socks end to end for that entire 3km. Did you know that you can wash that many socks with just one 3kg carton of SA8® Premium Concentrated Laundry Powder Detergent?

SA8 Premium Concentrated Laundry Powder Detergent is a concentrated laundry detergent that is not only safe for you, but is safe for our environment as well. Made with naturally derived ingredients, SA8 Premium Concentrated Laundry Powder Detergent contains no added phosphates, chlorine or other ingredients that harm the environment. It is our patented BIOQUEST® technology that ensures that you get a clean wash every time.

The combination of bio-enzymes and biodegradable ingredients in SA8 Premium Concentrated Laundry Powder Detergent not only ensures a good clean but BIOQUEST formula has also been tested by a dermatologist to ensure that it is kind on skin and leaves no residue to minimise the risk of allergic reactions and irritations from normal use.

## The Power Of BIOQUEST®

The BIOQUEST FORMULA logo printed on the front of AMWAY HOME product packages means that the contents contain unique formulas consisting of highly-active, bio-based ingredients from natural resources, such as coconuts, citrus fruits and minerals.

You can feel assured that each time you buy a BIOQUEST FORMULA product that you are getting not only powerful cleaning performance but far more. You are getting products that are:

### BIODEGRADABLE

This means when our detergent flows into drains it will decompose and disappear a lot quicker than most competitors. You can take comfort in knowing that none of the AMWAY HOME product range is dangerous or harmful to the environment.

### CONCENTRATED

Did you know that a 3 kg box of SA8 Premium Concentrated Laundry Powder Detergent washes 10,800 socks, enough to stretch 3 km if laid end to end! This means more applications for you and less packaging to harm the environment.

### DERMATOLOGIST TESTED

Tested by a dermatologist to ensure that it is kind on skin and leaves no harmful residues that may irritate the skin.
