If you ticked more than 1 box, consider one of our NUTRIWAY® consultations as outlined.

## Iridology Consultation\* - \$20

(30 mins)

Iridology is the practice of analysing the colour and structure of the iris in the eye to assist in gaining valuable health information regarding strengths, weaknesses, potential toxicity or inflammation through the use of a specialised high clarity magnification tool. The iris is connected to every organ and tissue of the body by way of the brain and central nervous system through the optic nerve. The iris contains thousands of nerve fibres and may be a reflection of the entire body. Iridology may assist in designing a personalised health plan for you and your specific health needs/concerns.

AU - SRV5065 FBV P166 B667 W2000

NZ - SRV5065 FBV P152 B58 W2000
