NUTRIWAY® DOUBLE X®

VS-120843 (31 Day Supply With Tray) | VS-120844 (31 Day Supply Refill)

- NUTRIWAY DOUBLE X is a high potency multivitamin and phytonutrient-rich supplement containing 12 essential vitamins, 10 essential minerals and 22 plant concentrates.
- It contains a patented PhytoProtect™ blend¹, a unique combination of Rosemary, Turmeric and Fava d'Anta (a rich source of quercetin) that together with the other vitamins, minerals and phytonutrients in NUTRIWAY DOUBLE X, help to support your body's own antioxidant defence mechanism.

Why NUTRIWAY DOUBLE X?

- 8 out of 10 people aren't getting the recommended 5-9 servings of fruits and vegetables every day.² NUTRIWAY DOUBLE X can help fill your daily nutritional gaps.
- It contains several proprietary concentrate blends, such as the legacy AWPS (alfalfa, watercress, parsley and spinach) Blend, the Citrus Blend and the new Berry Blend to provide numerous health benefits.
- Boosts your body's own antioxidant defence mechanism by helping to reactively scavenge and neutralise free radicals which can accelerate age related conditions.
- Contains a new and improved purple phytonutrient berry blend in which modern day people are most deficient, as highlighted by the NUTRILITE® Global Phytonutrient Report.²
- Uses Refractive Window Drying technology to deliver a higher concentration and potency of phytonutrients from extracts, allowing for a smaller tablet size.
- Includes a balanced concentration of all five colours of the phytonutrient spectrum to help restore nutritional balance.
- Contains soothing peppermint to ensure it is gentle on the stomach.

Who should use NUTRIWAY DOUBLE X?

Anyone who:

- Needs more energy.
- Has an inadequate diet (skips meals, eats less than 3 servings of fruits and 5 servings of vegetables per day).
- Needs greater nutritional support because of lifestyle or life-stage demands (e.g. sports people, busy lifestyle).
- Eats highly processed foods, smokes or drinks alcohol.
- Takes care of their bodies and values an active and dynamic lifestyle.
- Understands the importance of supplementing their diet to maintain optimal health.

How NUTRIWAY® DOUBLE X® Compares

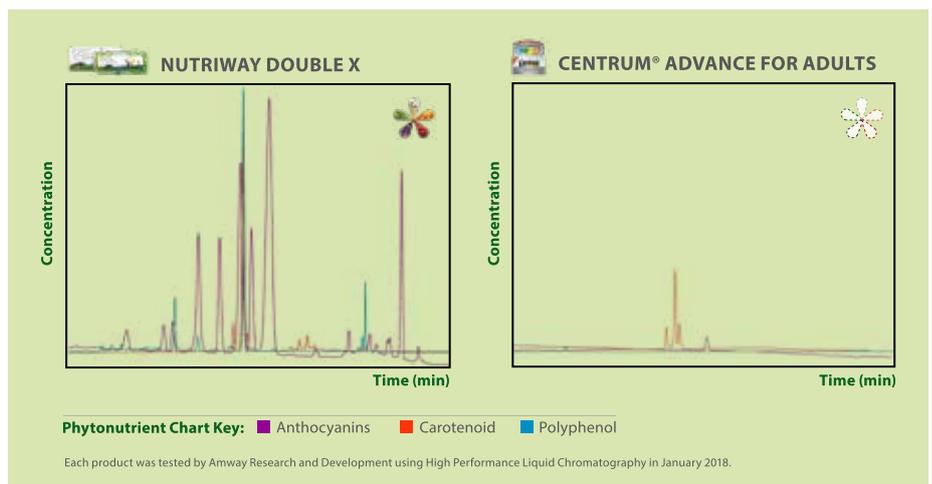

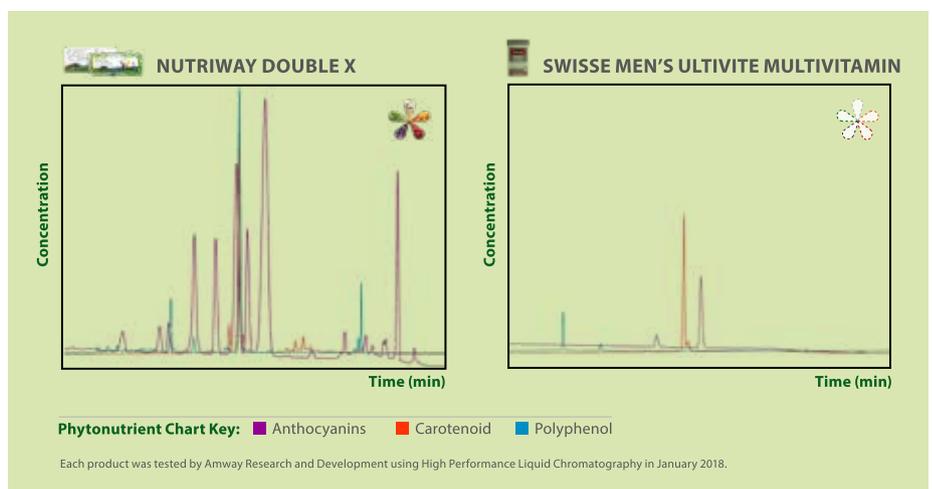

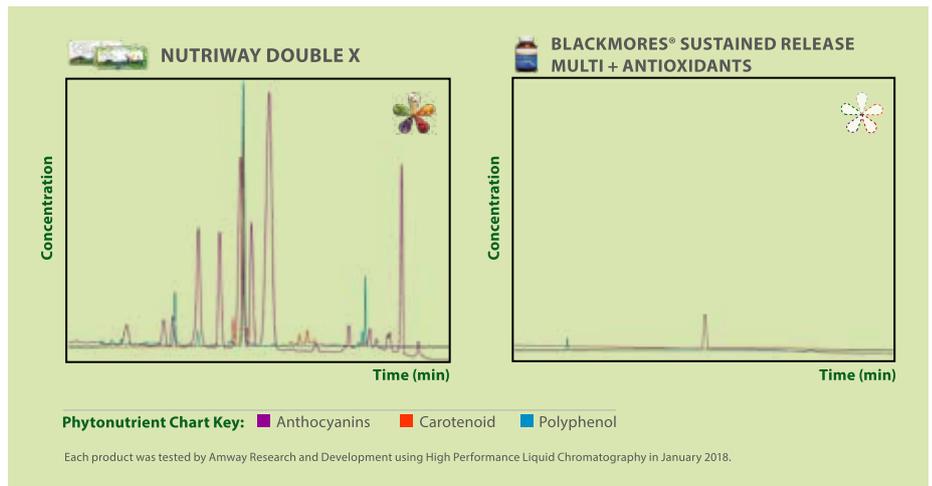

When diet is not enough, plant-based supplements can fill the gaps by helping to increase vitamin, mineral and phytonutrient consumption. NUTRIWAY DOUBLE X is power packed with 12 vitamins, 10 minerals and 22 plant concentrates to help you fill these nutrient gaps. When comparing daily dosage with other leading brands in the market, NUTRIWAY DOUBLE X contains more intense and diverse profiles of polyphenols, carotenoids and anthocyanins (three key types of phytonutrients) as shown in the charts. These three phytonutrients represent all five colours in the phytonutrient spectrum.

In addition, these charts also show that NUTRIWAY DOUBLE X contains essential phytonutrients that are not found in other leading multivitamin brands. Peak heights indicate the concentration of a phytonutrient - a larger number of peaks generally means the product contains a greater variety of phytonutrients. According to the Global Phytonutrient Report², people are falling short in every colour category of phytonutrients. Therefore, those who need greater nutritional support will benefit from taking NUTRIWAY DOUBLE X as it can help fill this nutrient gap to help achieve good overall health and the stamina to excel.

Usage Guide:

Suitable for adults and children 12 years and above. Take one gold, one silver and one green tablet two times a day with meals.

Always read the label. Use only as directed. If symptoms persists see your healthcare professional.
