XS™ ENERGY DRINKS

FACT

1

Offers a wide range of flavours compared to leading brands such as Red Bull, V and Mother.

XS Energy Drinks offers nine delicious energy drink flavours catering for a wide range of taste buds, whereas leading competitor brands such as Red Bull, V and Mother offer 3 flavour variants at most. These leading brands also do not contain adaptogenic herbs such as Panax Ginseng and Panax Quinquifolium which can aid the body in managing stress.

FACT

2

There is less than 1/2 calorie (2 kilojoules) of sugar in an XS Energy Drink.

Many energy drinks in the market today have over 100 calories with 27-30 grams of sugar (approximately 7 teaspoons of sugar), which is a simple carbohydrate. Many 375 mL non-diet soft drinks have 170 calories from 40 grams of sugar (approximately 10 teaspoons of sugar). Many 160 mL juice drinks have 80 calories from 20 grams of sugar (approximately 5 teaspoons of sugar).

Helps to deliver all 4 essential B vitamins which the body cannot make or store.

Each can of XS contains Niacinamide (Vitamin B3), Pantothenic Acid (Vitamin B5), Vitamin B6 and Vitamin B12. These vitamins are essential for the breakdown of carbohydrates in the body to provide energy. They are also essential for the breakdown of fats and proteins, which aids the normal functioning of the nervous system.
